Flag Raising

On Tuesday as formerly arranged by a committee of patriotic citizens of Morgantown the American Flag with a new meaning to us - an allied alliance for freedom of the world on land and sea - was raised in the Court Yard. Judge Phelps took an active part in securing the flag pole which is 100 feet high.

The large flag was purchased by contributions of patriotic citizens and was bought by Edwin Kuykendall in Louisville on the day he joined the United States Army. On raising the flag Capt. N.T. Howard, assisted by old soldiers who wore the blue and the gray, raised "Old Glory."

Major Denhardt Announces for Congress

To the Democratic Voters of the Third Congressional District: I hereby announce myself a candidate for Congress to serve in the next session, subject to the action of the democratic party. I have been a life-long democrat and believing in the rule of the majority will, if elected, stand by and with the democratic party in Congress and shall support, both publicly and privately, their matchless democrat, Woodrow Wilson.

democratic Congress behind him at the next session and "I shall not knowingly do a thing to interfere with or destroy party harmony in the district, and no good and unselfish democrat will do so. It will be recalled by many that I was a prospective candidate for Congress before the primary in 1916, but decided not to make the race because it was feared by many of our party leaders that, in as close a district as the Third was thought to be at that time, a contested primary might not only result in the election of a republican to what promised then, and afterwards proved to be, a doubtful Congress, but might also cause the loss of the district to Woodrow Wilson.

BOWLING GREEN, Ky. April 17, 1917
Dear Tom:
Your letter at hand. If I have no opposition in the next August primary I shall not be a candidate for Congress but I will be in the coming election. I have been in nomination all the time but I want to be nominated in primary once without opposition. You can act as you think best on this.
Yours truly
H. L. Austin

I had hoped to receive the nomination without opposition next year, as I have Mr. Thomas the opportunity of honor to command, over seas or at home, so far as I had the power and influence, last year; but however this may be, I am in the race this time to win, and shall make as active a campaign as my duties in the army will permit.

Prayer was offered by Rev. Davidson that touched the hearts of all present. It was full of sentiment and love of God and Country.

Splendid and appropriate music was furnished by the High School Band.

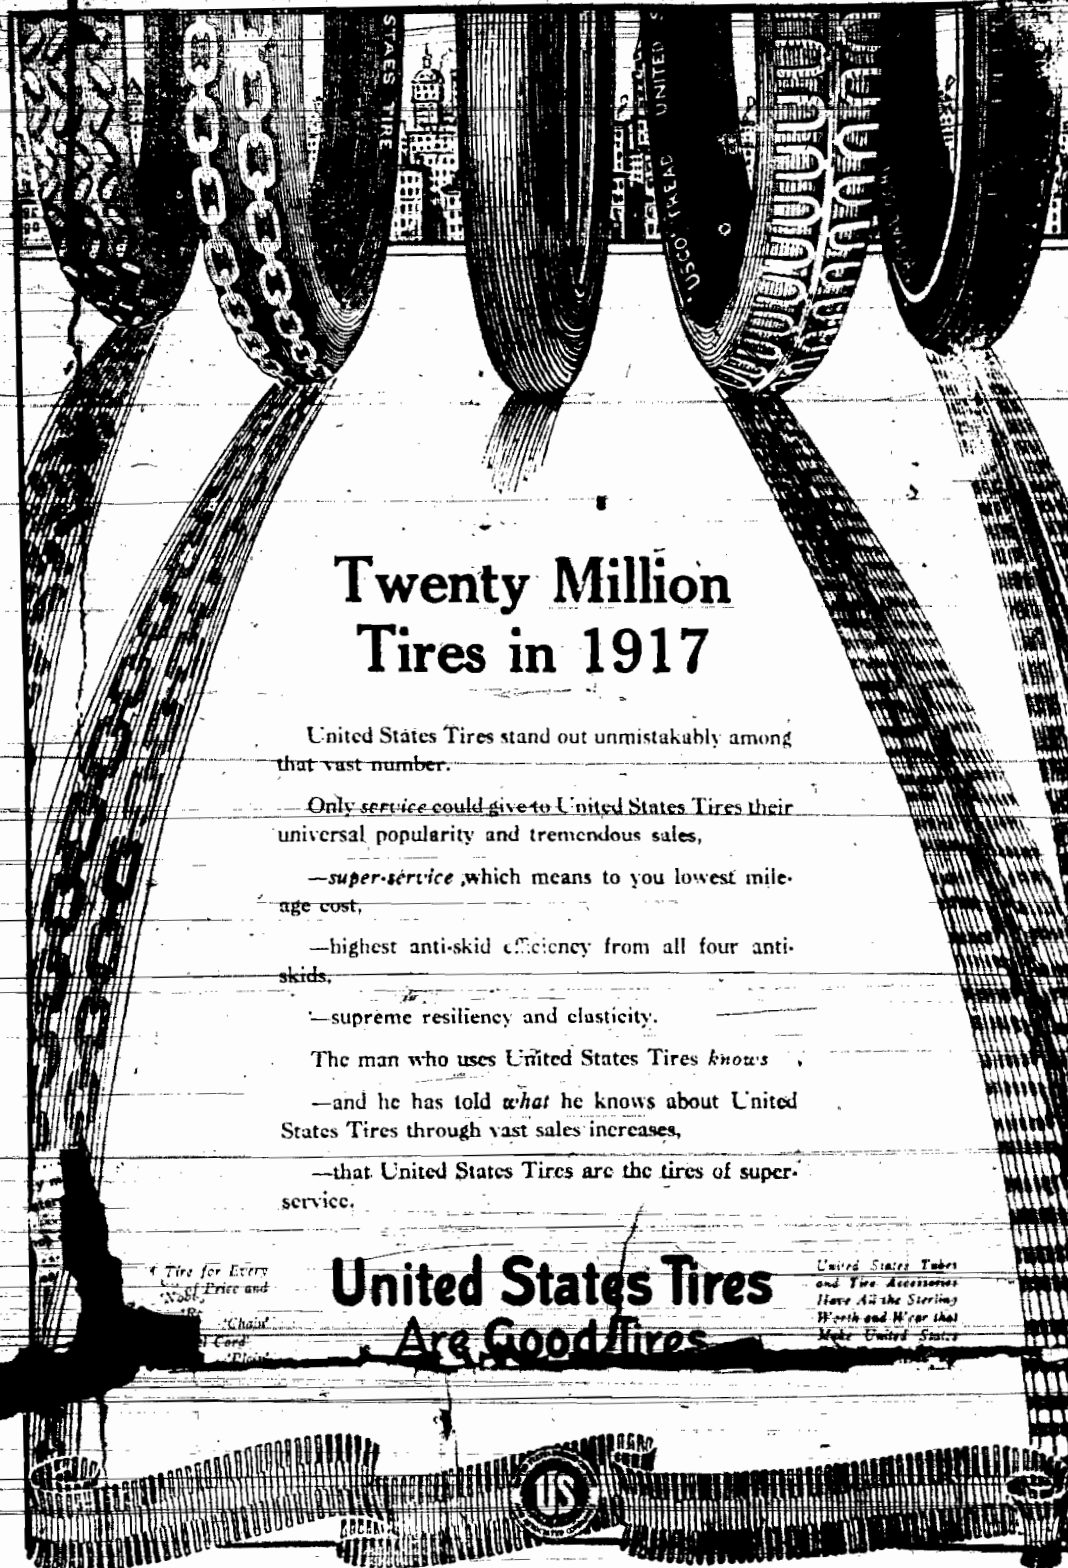

Our absent boys who recently enlisted were remembered and the roll call of their names brought tremendous applause accompanied with tears.

The Submarine Menace Eliminated. The United States has not been in the war a month and in that short time has solved the submarine problem. When Germany sinks a fine ocean liner worth from 3 to 10 million dollars it is a serious loss.

If a man knew his home to be in danger, he would be foolish to build a hundred thousand dollar mansion that a single shell might demolish. He should build a thousand dollar bungalow and live in that until the danger is passed.

So Uncle Sam is now building the cheapest wooden vessels he can put together, and so when Germany sinks one of them she will be sinking a bungalow instead of a floating palace.

In other words, when we get our wooden ships to going, where a dollar was lost by sinking the palatial steamers, we will lose one cent instead of a dollar. In about two or three months we will be turning out these cheap ships at the rate of 3 a day, and if Germany has to fire four torpedoes at each one she sinks, the torpedoes, which are exceedingly expensive, will cost nearly as much as the ship.

Twenty Million Tires in 1917

- United States Tires stand out unmistakably among that vast number.
Only service could give to United States Tires their universal popularity and tremendous sales,
-super-service, which means to you lowest mileage cost,
-highest anti-skid efficiency from all four anti-skids,
-supreme resiliency and elasticity.
The man who uses United States Tires knows
-and he has told what he knows about United States Tires through vast sales increases,
-that United States Tires are the tires of super-service.

United States Tires Are Good Tires

United States Tires are carried by the following Sales and Service Depots who can tell you which of the five types of United States Tires exactly suits your needs:

H. L. AUSTIN.

We are authorized to announce Maj. Henry H. Denhardt, of Warren County, a candidate for Congress from the Third Congressional district, subject to the action of the Democratic primary to be held in August, 1918.

NOTICE. This is to certify that the firm of J. W. Terry & Co. has dissolved partnership, and the member of the said firm Florence Porter, now Mayhugh, has withdrawn from the said firm, and all parties doing business with J. W. Terry, now at Herchel, Ky., will take notice that the said Florence Porter, now Mayhugh, will not be responsible for any contract the said Terry makes, as I am not now a member of the said firm since the 21st day of June, 1915, all parties will govern themselves accordingly.

Gov. Stanley has appointed W. A. Helm, E. C. Kuykendall and W. O. Moats as a committee to urge the production of every pound of food stuff and livestock possible in Butler county for the purpose of feeding ourselves, our Nation's soldiers and for our allies. The above committee will be expected to organize every neighborhood in the county and everybody is expected to WORK or go to WAR.

What about the high cost of "page at any price"?

For Congress. Now, good house wife, there is an important "bit" for you to do. Save the food, don't allow a crumb of bread or particle of meat or butter to be wasted. This is your bit. Go to it.

Not only will the recently married men of military age not be exempt from service, but they will have to continue married.

The Value of a Smile.

A pleasant smile adds more to personality than any single attribute. It is an invitation to further acquaintance, a hostage to cheerfulness.

Are you not always glad and gladdened to see the members of the family, the business associate, the friend, or the stranger whose greeting, be it frequent or casual, is accompanied and illumined by a smile? There's an instinctive response in kind, and the stage is set for pleasurable companionship or business. Cheerfulness of countenance is a great grouch-killer. You can't develop discontent behind your own smiling face, neither in those within sight of your smiling face successfully nourish growth to maturity. - The Three Partners.

Major Denhardt.

In this issue Major Denhardt announces his candidacy for Congress in the 3rd District. He is serving his second term as county Judge of Warren county.

He is the type of man we should send to Congress - clean, honest, fearless and competent. He is an aggressive campaigner and you will find when the battle is over Judge Denhardt will be the Democratic nominee for Congress.

While he differs from us politically we have faith in him that he would represent the whole people of the Third District with loyalty to all.

Students of currency system foresee a situation when it may be difficult to measure the intrinsic value of a potato in ordinary terms of cash.

"IN A BAD WAY"

Many a Morgantown Reader Will Feel Grateful for This Information. If your back gives out; Backache lame, weak or aching; If bladder troubles set in; Perhaps your kidneys are "in a bad way."

Don't delay - use Doan's Kidney Pills. Here is good evidence of their worth. Mrs. J. E. Higgins, 67th W., Seventh St., Russellville, Ky., says: "My kidneys were out of order and I suffered from a dull ache across my back and loins. My kidneys acted irregularly and showed other signs of disorder. I used Doan's Kidney Pills as directed and they strengthened my back and regulated my kidneys. I gladly recommend Doan's to anyone having kidney trouble."

Price 50c, at all dealers. Don't simply ask for a kidney remedy - get Doan's Kidney Pills - the same that Mrs. Higgins had. Foster-Milburn Co., Props., Buffalo, N. Y.

A volunteer should know that there is behind him a conscription that will keep his bravery from being a futile sacrifice.

ASTOUNDING REPORT

FOR WOODBURY

The wife of a merchant had stomach trouble so bad she could eat nothing but toast, fruit and hot water. Everything else would sour and ferment. ONE SPOONFUL buckthorn bark, glycerine, etc., mixed in Alder-ika benefited her - INSTANTLY. Because Alder-ika empties BOTH large and small intestines it relieves ANY CASE of constipation, sour stomach or gas and prevents appendicitis. It has quickest action of anything we ever sold. D. K. **At the Churches.**  
Many years ago Thomas Hardy, the English novelist, wrote a story entitled "The Return of the Native." Well now, on Sabbath last at the churches there were two native sons of Butler county with us; the Rev. A. B. Gardner, Baptist, and Jno. M. Moore, D. D., of Nashville, editor of the Christian Advocate of that place.  
Bro. Gardner's discourse at the Auditorium on Christ's agony in Gethsemane was at once cogent and comprehensive and including incidents well portrayed, of the crucifixion. This sermon of Gardner's discorped all his previous efforts.  
Dr. Moore's Baccalaureate sermon from the text, "Seek ye first the Kingdom of God," was a masterly presentation of truths and facts for young minds, as well as for older. In the latter part of his sermon there was an analysis of the world war problem, especially such parts pertaining to America in the international struggle. And in the discourse, bristling with facile points, was the interpretation of answered prophecy, in part at least, and an intimation of a new day or age with the new heavens and the new earth.  
Words of praise for the intellectual and spiritual treat were many. Dr. Moore and Rev. Gardner are Butler country boys, grown a wee bit gray in the Master's service. Many more years be theirs to serve.  
A cozy Men's Meeting was held in one corner of Carson's hall. Everybody bring somebody to the Union Church prayer meeting next Thursday night week.

Do you own an American flag? Up with it! Let the people see it. Let them see what YOU stand for. Flags are floating in every city and hamlet in the country today. It is time to let yours feel the breeze, too.

**Catarrhal Deafness Cannot Be Cured**  
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surface of the Eustachian tube.
